

TÄVLINGSREGLER FÖR VARMLUFTSBALLONGER

Version 8a
Svenska Ballongfederationen
April 2003

INLEDNING

Denna 2003 års utgåva av regler för ballongtävlingar är en uppdatering av tidigare regelböcker. Dessa regler baserar sig på:

CIA AX MODEL EVENT RULES, version 2003

FAI SPORTING CODE, GENERAL SECTION, version 2003

Svenska Flygsportförbundets generella tävlingsregler fastställda 30 augusti 2001.

Reglerna har anpassats för att användas vid Svenska Mästerskapen för varmluftsballong.

Hänvisningar till FAI har ersatts med hänvisningar till FSF (Svenska Flygsportförbundet) och hänvisningar till CIA har ersatts med hänvisningar till SBF (Svenska Ballongfederationen).

Vid regeltolkning gäller den engelska texten. Den svenska texten är med som ett stöd vid läsning av reglerna (regel I.9.1).

Reglerna tryckta med versaler är hämtade ur Sporting Code Section 1 (S1) och General Section (GS), anpassade för SM och andra sanktionerade tävlingar.
